Reviews

"Before we were even engaged we saw Ukebox perform and knew that when we got married we would want them to play at our wedding and arranged the date around when they were free - and we do not regret this decision!!! Ukebox were brilliant and genuinely we have had so many of our guests comment on how good they were. They were fun, professional and their choice of songs were perfect. Would recommend them to everyone and anyone." - **Jess Bentley**

"Ukebox absolutely blew our guests away and had everyone up dancing from the very beginning! They were really easy to work with and made sure we had exactly what we wanted on the big day. I wouldn't hesitate to recommend them to anyone else wanting a quirky and joyful performance as part of their wedding day. - **Emma Deeks**

"Perfection. From the 1st contact to the goodbye after their performance they were amazing. A group of super talented and friendly individuals. Threads of emails looking for ideas and suggestions were answered promptly and never ignored- great customer service- while managing their clients contact themselves without an agent. Various packages avail for all budgets. Incredible, UNIQUE performers that had the entire wedding party dancing all night everyone was in awe of their act. - **David McGrory**

"Wow! where do i even begin? UKEBOX are a truly incredible band and they absolutely lit up the dance floor at our wedding! Their final set had the whole room jumping which is honestly a memory that will last a lifetime. So many of guests have said that Ukebox are the best band they have ever seen at a wedding and months later people are still telling us what an incredible band they are, how much they loved them and what a good time they had." - **Zara Cavalier**
